

1 Port Flush Mount SuperSpeed USB 3.0 ExpressCard

Product Diagram (ECUSB3S11)

Component	Function
1 Express Card Port	• Used to connect the Express Card to the Host Computer's Express Card Slot .

Requirements

For the latest requirements, please visit www.startech.com/ECUSB3S11.

- An available ExpressCard port
- Microsoft® Windows® XP, Vista, 7, or 8 / Server 2003, or Server 2008 R2

Installation

Hardware installation

Note: Turning the computer off to insert/remove **ExpressCard** is not necessary as they are hot-pluggable.

1. Slide the **ExpressCard Port** (card label side up) into an **Express Card Slot** on the **Host Computer**.
2. Push the **Express Card** into the **Express Card Slot**, until it clicks and locks into place.
3. To eject the **Express Card**, simply push the card further into the slot until it clicks, and then release and it will then be automatically ejected from the slot.

Notes: Some **ExpressCard/34** fit loosely into an **ExpressCard/54 Slot**. This has the potential to cause movement and can result in accidental disconnection. A snap-on 34 mm to 54 mm stabilizer bracket is included for such installations.

Optional: For some high-powered USB 3.0 devices, additional power may be required. Connect the USB to DC adapter cable from a USB port on the computer system to the DC plug on the card. This will provide additional power to the USB 3.0 port.

Driver Installation

Windows XP/Server 2003/Vista/7/Server 2008 R2/8

1. Insert the included **Driver CD** into the **Host Computer's CD/DVD Drive**.

Note: If the **Found New Hardware** wizard appears on the screen, select **Cancel** or close the window and do not install the drivers.

2. The **CD** will automatically launch, click to display the contents on the **CD**. If not, open **Computer (My Computer** in XP) and double-click on the **CD/DVD**.
3. Enter the folder **USB 3.0 Host**, then **NEC** and click the file **Setup.exe**.
4. This should launch the driver Installation wizard. Continue through the wizard and once complete, all the necessary drivers will be installed.

Specifications

Bus Interface	ExpressCard 2.0 USB 3.0 base specification 1.0 Intel xHCI specification 0.95
Form Factor	"Slim" ExpressCard/34 (34mm)
Chipset ID	NEC/Renesas μPD720202
Connectors	1 x USB 3.0 type A female 1 x DC Power female (type A)
Maximum Data Transfer Rate	USB 3.0: 5Gbps*
Operating Temperature	0°C ~ 50°C (32°F ~ 122°F)
Storage Temperature	-10°C ~ 85°C (14°F ~ 185°F)
Humidity	5% ~ 95% RH
Dimensions (LxWxH)	75mm x 34mm x 5mm
Weight	17.5g

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

Industry Canada Statement

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada.

CAN ICES-3 (B)/NMB-3(B)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Warranty Information

This product is backed by a three-year warranty.

For further information on product warranty terms and conditions, please refer to www.startech.com/warranty.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Safety Measures

- If product has an exposed circuit board, do not touch the product under power.

Mesures de sécurité

- Si l'un des circuits imprimés du produit est visible, ne pas touchez le produit lorsqu'il est sous tension.

安全対策

- 製品に露出した状態の回路基盤が含まれる場合、電源が入っている状態で製品に触らないでください。

Misure di sicurezza

- Se il prodotto ha un circuito stampato visibile, non toccare il prodotto quando è acceso.

Säkerhetsåtgärder

- Rör aldrig vid enheter med oskyddade kretskort när strömmen är påslagen.
