

Dual-Slot Drive Enclosure for M.2 SATA SSDs - USB 3.1 (10Gbps) - RAID

Product ID: SM22BU31C3R

This dual M.2 SATA enclosure with RAID makes it easy to add ultra-fast, portable external storage to your USB-C or USB-A enabled laptop, tablet, smartphone or desktop computer. Its multiple RAID modes provide increased capacity, improved performance, or data redundancy.

Quickly access, transfer, and backup your files wherever you go. This dual-slot M.2 RAID enclosure enables you to easily access your data by creating a high-performance, ultra-portable storage solution using two M.2 (NGFF) SATA SSDs. It's ideal for creative professionals, such as photographers and videographers, as well as professionals in corporate, educational and government sectors who need fast access to important data files, while out in the field or back at the office.

The RAID enclosure enables you to leverage the speed of your M.2 (NGFF) SATA drives by taking advantage of USB 3.1 Gen 2, with data transfer rates of up to 10Gbps. It ensures easy access to your files for data migration and data backups so that you can safeguard important data at all times.

With multiple RAID options, the M.2 RAID enclosure enables you to gain increased storage size, performance, or redundancy. You can enjoy the peace of mind of knowing your files are continually backed up, or take advantage of greater speed and capacity offered by a combined solution. The enclosure supports RAID 0, RAID 1, Spanning, and JBOD, enabling you to choose your preferred backup mode. It also supports SSD TRIM to prolong drive lifespan and performance.

The dual M.2 SATA enclosure provides a highly portable storage solution. With its compact design, you can tuck it away inside your laptop bag or carrying case and take it anywhere - to the office, the lab, or for mobile use, so that you can access your data wherever you go. Engineered with a solid aluminum housing, the dual-slot M.2 SATA enclosure helps to safeguard your data wherever you go.

The M.2 SATA RAID enclosure is powered directly from the USB port on your device, so no external power is required. It comes with two USB cables (USB-C to Micro-B and USB-A to Micro-B) for flexible use with the latest laptops and tablets equipped with a USB-Type C port as well as legacy devices. The enclosure is OS independent, with no additional software or driver installation required, and is compatible with a Thunderbolt 3 USB-C port.

The SM22BU31C3R includes all required drive installation tools and hardware and is backed by a StarTech.com

2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Professionals in a wide range of industries, from corporate to medical fields, can take advantage of high-speed data access for their USB-C or USB-A enabled laptop, tablet, smartphone or desktop computer
- Mobile professionals can utilize two M.2 (NGFF) SATA SSDs to access, transfer and backup files with faster speeds over USB 3.1 Gen 2 (10Gbps)
- Re-use or re-purpose M.2 SATA drives to expand PC storage or to back up data
- Ideal for protecting drives against dust and other potential hazards
- Access drives for data recovery, backup, or repair

Features

- Maximize the performance of your M.2 (NGFF) SATA drives with USB 3.1 Gen 2 (10Gbps) connectivity
- Supports RAID 0, RAID 1, JBOD and SPAN (BIG) for optimal performance, capacity and redundancy
- Supports all common M.2 SATA SSDs, and enables you to mount multiple drive lengths: 30 mm (2230), 42 mm (2242), 60 mm (2260) and 80 mm (2280)
- Not compatible with M.2 NVMe or AHCI PCI-Express SSDs
- Add fast, portable external storage to your USB-C or USB-A enabled laptop, tablet, smartphone or desktop computer
- Supports SSD TRIM to prolong drive lifespan and performance
- Solid aluminum enclosure with SATA I, II, III (up to 6Gbps) support
- Compatible with Thunderbolt 3 USB-C port
- Backward compatible with USB Gen 1 (USB 3.0), USB 2.0, USB 1.x

Hardware

Warranty	2 Years
Fan(s)	No
Interface	USB 3.1 Gen 2

Bus Type	USB 3.1 Gen 2
Number of Drives	2
Drive Size	22mm - M.2 SATA
Compatible Drive Types	M.2 (SATA, B-Key, NGFF)
Drive Installation	Fixed
Supported Drive Height(s)	2230
	2242
	2260
	2280
Chipset ID	ASMedia - ASM1352R

Performance

Maximum Data Transfer Rate	10 Gbps
Type and Rate	USB 3.1 Gen 2 - 10 Gbit/s
UASP Support	Yes
TRIM Support	Yes
4Kn Support	Yes
Type and Rate	SATA III (6 Gbps)
Port Multiplier	Yes
Hardware Raid Supported	Yes
Supported RAID Modes	RAID 0 (Striped Disks)
	RAID 1 (Mirrored Disks)
	BIG (Spanning or Concatenation)
	JBOD - (Just a Bunch of Disks)
Max Drive Capacity	2 TB
General Specifications	Not compatible with M.2 NVMe or AHCI PCI-Express SSDs

MTBF 35,000

Connector(s)

Drive Connectors M.2 (SATA, B-Key, NGFF)
Host Connectors USB 3.1 USB Type Micro-B (10 pin, Gen 2, 10 Gbps)

Software

OS Compatibility OS independent; No software or drivers required

Special Notes / Requirements

Note Windows 7 and earlier Windows versions do not support TRIM with USB to SATA devices.

Indicators

LED Indicators Read / Write (green)
Error / Rebuilt (red)

Power

Power Source USB-Powered

Environmental

Operating Temperature 0C to 60C (32F to 140F)
Storage Temperature -20C to 70C (-4F to 158F)
Humidity 0% ~ 90% RH

Physical Characteristics

Color Black
Material Aluminum
Max Drive Height 3.1 in [80 mm]
Product Length 3.9 in [100 mm]
Product Width 3.1 in [80 mm]
Product Height 0.6 in [15 mm]
Weight of Product 3.4 oz [96 g]

Packaging

Information

Package Length	6.5 in [16.5 cm]
Package Width	5.2 in [13.1 cm]
Package Height	1.3 in [32 mm]
Shipping (Package) Weight	6.9 oz [195 g]

What's in the Box

Included in Package	M.2 SATA enclosure
	USB-C to Micro-B cable - 18.5 inches
	USB-A to Micro-B cable - 18.5 inches
	housing assembly screws
	sets of M.2 mounting hardware
	screwdriver
	quick-start guide
