

# SmartRack Magnetic Vinyl Kit for Rack Airflow Management

MODEL NUMBER: **SRCOOLMVKIT**

Passive airflow containment kit blocks vented panels of an EIA-standard 19 in. rack enclosure to prevent cool air from escaping and help connected equipment last longer and operate more efficiently.

## Description

The SRCOOLMVKIT SmartRack® Magnetic Vinyl Kit consists of six panels that attach magnetically to the vented front door, rear door or side panel of your floor or wall-mount rack enclosure. By blocking perforated areas, cool air is trapped inside the rack cabinet, and hot spots that can damage connected equipment are eliminated. Operating at a cooler temperature allows your sensitive rack equipment to last longer and work more efficiently. With four 16.9 x 18.8-inch and two 16.9 x 5.2-inch magnetic vinyl panels, the SRCOOLMVKIT can cover an EIA-standard 19-inch 48U rack door perforation pattern. It is compatible with all SmartRack enclosures.

## Features

### Traps Cool Air Inside SmartRack Enclosure for Maximum Cooling Efficiency

- 6 magnetic panels attach to vented rack doors and side panels
- Blocks perforated areas to prevent cool air from escaping
- Seals tightly to eliminate hot spots that can harm equipment
- Covers up to a standard 48U rack door perforation pattern
- Compatible with all Tripp Lite SmartRack enclosures

## Specifications

OVERVIEW	
UPC Code	037332255037
Product Type	Airflow Management

## Highlights

- 6 magnetic panels attach to vented rack doors and side panels
- Traps cool air inside rack for maximum cooling efficiency
- Seals tightly to eliminate hot spots that can harm equipment
- Covers a standard 48U rack door perforation pattern
- Compatible with all Tripp Lite SmartRack enclosures

## Package Includes

- (4) Magnetic vinyl panels, 16.9 x 18.8 in.
- (2) Magnetic vinyl panels, 16.9 x 5.2 in.
