**Product ID:** USB2CUB2M

This USB-C to Micro-B cable lets you charge and sync a USB 2.0 Micro-USB mobile device from a USB Type-C laptop. You can also charge your device using a USB-C wall charger, car charger or power bank, or connect an external Micro-USB drive for easy data backups.

The 2-meter cable gives you the length you need to overcome distance restrictions and stay connected. You can charge and sync your Micro-USB mobile device, in almost any environment. Even while you're taking notes in a boardroom, catching up on emails in your hotel room, or reading in a coffee shop, the connection to your mobile device will reach your computer or wall charger more comfortably.

You can also use the USB-C to Micro-USB cable to back up data to an external Micro-USB 2.0 drive from your USB-C or Thunderbolt 3 computer.

The longer cable lets you organize your desk to match your needs, enabling you to connect your device up to 2-meters away from your computer.
