

USB-C to Micro-B Cable - M/M - 0.5 m - USB 2.0

Product ID: USB2CUB50CM

This USB-C to Micro-B cable lets you charge and sync your USB 2.0 Micro-USB mobile device from a USB Type-C laptop, USB-C wall charger, car charger or power bank.

The cable also lets you connect an external Micro-USB drive for easy data backups.

This non-standard 0.5-meter cable is great for close-range connections to charge and sync your Micro-USB mobile devices with your laptop.

You can also use the cable to charge your devices from a USB-C wall charger, car charger or power bank -- perfect for people on the move, for providing simple, tidy connections.

The cable can also be used to back up data from your USB-C or Thunderbolt3 computer to an external Micro-USB 2.0 drive. The short cable lets you set up in small offsite workspaces, or in a coffee shop or hotel room, so that you can install your equipment without excess cable getting in your way.

Replace the USB-C charging cable that came with your device, or keep one as a spare while you're traveling, so that all of your devices will be ready to use whenever you need them while you're on the road.

The USB2CUB50CM from StarTech.com is backed by a lifetime warranty for guaranteed reliability.

Certifications, Reports and Compatibility

Applications

- Charge and sync Micro-USB 2.0 mobile devices from a USB-C or Thunderbolt 3 computer
- Charge your Micro-USB mobile device with a USB-C wall charger, car charger or power bank
